Institute for AI Industry Research, Tsinghua University

## Certificate of Internship

This is to certify **Ce Cao**, a student majoring in Bsc Computer Science at University College London (SN: **20118835**), who has interned at Institute for AI Industry Research, Tsinghua University from 14/10/2021 to 14/1/2022, as an intern in the **HCI research group**. The student researched on innovative interaction of C2M Building Blocks, including TUI, digital human AR, and Game Design. He learned Computer Graphics and participated in academic lectures, paper-sharing sessions, and ideation meetings. The student also researched Guide dogs, Haptics, and HCI. He designed and organized Robot-related experiments and worked on the secondary development of Htc Vive Tracker as well as data analysis.

During the internship, the student worked diligently and demonstrated critical thinking ability. He strictly abided by the regulation of the company and completed tasks with good quality and efficiency. In addition, he treated his colleagues with respect. His excellent performance was highly recognized by all.

It is hereby certified.
